TIPS ZEN S.A.

THE DIFFERENCES BETWEEN THE IMPELLER ZEN 1658 AND THE IMPELLER ZEN 1806

The Impeller **ZEN 1658** and the **Zen 1806** are very similar in dimension and characteristics. However, they are not the same in relation to: total length, the diameter of the drag and the height of the grooves.

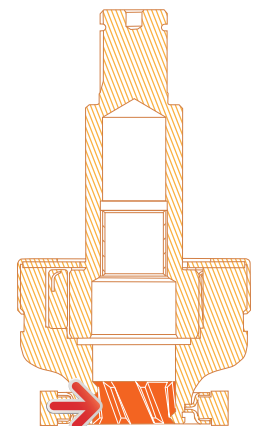

However, one item cannot be replaced by the other.

1658 IMPELLER DIAGRAM

1.01.1658.0

T	19	Nº Teeth
G	20.8	Ø Ex. Pinion Teeth
L	128	Total Length
